

Paralyzed Veterans of America

Paralyzed Veterans of America wants to make every effort to identify disabled veterans, their dependants, and caregivers who want to learn more about and the resources offered from vocational rehabilitation services. Since 2007, Operation PAVE (Paving Access for Veterans Employment) has helped over 2,700 veterans, caregivers and military families' members receive VA benefits, attain quality VA healthcare, and identify rewarding career opportunities. We would like to add you to our list of success stories through our holistic approach to delivering services to any veteran, caregiver or family member - at no charge.

Are you a veteran who

Vocational Counseling and Guidance

- * Receiving Social Security Disability or SSI and do you want to work?
- * Suffered a catastrophic injury and wish to explore job ideas and work?
- * Have a disability or several disabilities, and not sure what job makes sense?
- * Been out of work a long time, maybe years, and want to see what is possible?
- * Want to see what vocational resources are in your community at no fee?

Vocational Activity/Employment

- * Unfocused without specific job ideas and just wondering what is possible?
- * Thinking about working and need help with a resume, job seeking skills training?
- * Want to attend college or a trade school and unsure what the next step is?
- * Prefer to work from home and unsure what employers or jobs are available?
- * Want to volunteer in your community on a flexible schedule?

To find out more about the PAVE program, contact Shelly Stewart at 202-416-7795 or shellys@pva.org.
